Notice Regarding Selection of Site for India Factory

As disclosed on March 7, 2025, we commenced procedures for acquiring land for an Indian factory. Since then, we have continued negotiations to select a candidate site.

As a result, we hereby announce that the Board of Directors meeting held on September 5, 2025, resolved to select the following property as the site for the India factory.

1. Overview of the Selected Indian Factory Site

(1) Location: Turnkey property with factory buildings within the Sanand Industrial Estate, Ahmedabad City, Gujarat State, India

(2) Area: Land: 35,000 m² m²

Building: Total floor area 11,835.46 m² m²

2. Total Investment Amount

Planned budget: 1.5 billion yen

3. Production Plan at the Indian Factory

Aiming for monthly production of 30 electric molding machines, totaling 360 units annually

4. Future Outlook

We are currently proceeding with procedures for the sale and purchase of the factory site and buildings. We will provide updates as and when we are in a position to disclose further information.
